EDUCATION:

University of Colorado at Boulder, College of Engineering and Applied Science
Expected Graduation: May 2027
B.S. Creative Technology and Design
MAJOR GPA 3.8

PROJECTS:

Capstone Project at University of Colorado Boulder, *Fall 2026 - Present*
UX Researcher
-Leading discovery research for a community-based recipe-sharing app, investigating how home cooks find inspiration, track recipes, and connect with others around food.
-Designed a semi-structured interview guide with open-ended, non-leading questions to uncover real user pain points without biasing participants toward a solution.
-Recruiting and interviewing 15 home cooks to identify which needs are and aren't met by their current tools and communities.
-Synthesizing findings through affinity mapping to define the core problem and guide the team's product direction.

WORK EXPERIENCE:

Bucatino, Lafayette, CO, *October 2026 - Present*
Server
-Served 50+ guests per shift in a fast-paced environment, anticipating needs and adapting recommendations based on guest preferences and dietary restrictions.
-Gathered and relayed guest feedback to kitchen staff and management to resolve issues and improve the dining experience.
Naked Lunch, Boulder, CO *2022 - 2024*
Kitchen Crew Member
-Delivered excellent service in a high-volume environment, demonstrating adaptability and attention to detail.
-Trained new team members, prioritizing clear communication and consistent quality.

LEADERSHIP AND ACTIVITIES:

Kappa Theta Pi at University of Colorado Boulder, *Spring 2024 - Present*
Executive Vice President Marketing
-Developed and delivered multiple marketing presentations in recruitment efforts to 100+ students per class, driving a 7x increase (from 6 to 42) in pledge applications.
-Designed 120+ pieces of social media content and posters over two semesters using Photoshop and Canva, contributing to a 38% increase in followers.
-Worked on the executive board leading the marketing team and other members to employ marketing strategies to achieve organizational objectives.
Hyperloop at University of Colorado Boulder, *Fall 2024 - Present*
Front-End Web Developer, Marketing Team Member
-Developing internal systems software with a focus on usability and accessibility using **React** and **TypeScript**.
-Contributed to marketing content strategy by designing merchandise, social media content, and the sponsorship packet that helped raise **$231,801 in sponsorships.**
-Designed 7 monthly newsletters that was sent out to over 200 people including sponsors and club Supporters.
